¹Network level Out-of-Pocket includes deductible and coinsurance and flat dollar copayments.

²Preventive services include evidence-based services that have a rating of "A" or "B" in the United States Preventive Services Task Force, routine immunizations and other screenings, as provided for in the Patient Protection and Affordable Care Act.

³**Generic Incentive** applies - Brand copay + price difference between brand and generic; Will not apply to MOOP.

Home Delivery Incentive Retail drug copays apply for the first three fills in 180 days. Starting on the 4th fill, copay amount doubles unless mail order is used.

Specialty High-Cost Drugs - Drugs and biologicals (specialty drugs and therapeutic injections). Members must use one of our dedicated pharmacies. Special rules apply to oral chemotherapy prescription drugs. The certificate booklet will have more information. Certain specialty drugs are part of a Specialty Prescription Drug Copay Offset program (SaveOn) where they are considered non-essential health benefits and therefore do not apply to the out-of-pocket maximum. They will also be subject to higher cost-share if the member does not participate in SaveOn.

For a list of Specialty drugs that are potentially eligible for \$0 copay, visit MedMutual.com/SaveOnSPBPublic

- Deductible expenses incurred for services by a PPO Network provider will only apply to the PPO Network deductible. Deductible expenses incurred for services by a Non PPO Network provider will only apply to the Non PPO Network deductible.

- The coinsurance for non-contracting institutional providers will be the same coinsurance percentage as the Non PPO Network provider. However, you may be subject to balance billing by the non-contracting provider.

The proposed course of treatment for organ/tissue transplants must be pre-determined and approved by a Medical Mutual case manager (except for corneal transplants.) Failure to contact the case manager prior to the proposed course of treatment (including the evaluation) will result in a significant monetary penalty. Refer to your certificate for details.

Benefits will be administered by Medical Mutual of Ohio. Benefits will be determined based on Medical Mutual's medical and administrative policies and procedures. This document is only a partial listing of benefits. This is not a contract of insurance. Only an officer of Medical Mutual may agree, orally or in writing, to change the benefits listed here. The contract or certificate will contain the complete listing of covered services. In certain instances, Medical Mutual's payment may not equal the percentage listed above. However, the covered person's coinsurance will always be based on the lesser of the provider's billed charges or Medical Mutual's negotiated rate with the provider.

*The Share Corridor is a specified amount of financial responsibility that the employer agrees to self-fund. The corridor liabilities are separate from monthly plan funding rates. The Share Corridor starts when Medical Mutual liability begins for deductible and coinsurance type services. Once the Share Corridor is met on a per member basis (and family maximum), Medical Mutual will assume standard coinsurance liability. Both in-network, and out-of-network claims are subject to Share Corridor liability by the employer.
