

# MedMutual Dental PPO Plans

Groups of 1 COSE Benefit Plan Eligible Employees

**Dental care is an important piece of overall health and wellness. With dental insurance, employees have access to regular dental check-ups to help maintain healthy teeth and gums. Having a healthy mouth can help reduce the risk of developing more serious health conditions, like heart disease and stroke. Plus, preventive dental care can help detect early warnings for certain health-related issues.**

## The SDC Network

MedMutual Dental plans include the SDC network, which offers national access to providers. The network has a strong presence in Ohio, featuring more than 10,000 dentists, periodontists, oral surgeons and other specialists across the state. Since employees save money on their dental care by visiting a participating dentist or specialist, our expansive (and growing) network is a significant benefit for your group.

### Features

- Competitive network discounts throughout the state
- No balance billing (in network)
- Local Ohio service with over 35 years of dental expertise
- No waiting periods
- Implants covered as major services
- No Missing Tooth clause
